Ridgedale, MO 65739
- TELEPHONE:** 417.335.2777 | 800.225.6343
- WEBSITE:** www.BigCedar.com
- OPENING DATE:** 1988
- OWNER:** Johnny Morris, noted conservationist and founder and CEO of Bass Pro Shops, is often referred to as “the Walt Disney of the Outdoors.” In 1972, Johnny started selling fishing tackle out of the back of his father’s liquor store. Since then, Johnny has earned a reputation as one of the most visionary and influential retailers of the last 50 years. Johnny purchased Big Cedar Lodge in 1987, originally envisioning it as a fishing camp for Bass Pro Shops employees and Tracker Boat customers. Morris, an avid outdoorsman, was inspired by the majestic beauty of Table Rock Lake and his own childhood memories of family fishing trips. He later decided to create a place for all families to reconnect with nature, and established the wilderness resort as a place where preservation, conservation, and family traditions come together.
- LOCATION:** Big Cedar Lodge is located 40 miles south of Springfield, Missouri, which is home to the Bass Pro Shops flagship “granddaddy” store and headquarters as well as Johnny Morris’ Wonders of Wildlife National Museum & Aquarium. The resort is surrounded by thousands of acres of unspoiled Ozark Mountain wilderness just eight miles south of Branson, Mo.
- OVERVIEW:** Located in the heart of Missouri’s Ozark Mountains, Big Cedar Lodge is America’s premier wilderness resort. A passion of Bass Pro Shops founder Johnny Morris, the 4,600-acre lakeside retreat connects guests to the outdoors with a variety of nature-based experiences including fishing, boating, hiking, spa and wellness offerings. Signature attractions include Top of the Rock, home to world-class golf, dining, and entertainment; Dogwood Canyon

Nature Park, a 10,000-acre nonprofit wildlife preserve; and a world-class golf portfolio that includes the Mountain Top Course by Gary Player and Buffalo Ridge Springs in addition to a Jack Nicklaus-designed 9-hole course at Top of the Rock. Named the No. 1 resort in the Midwest by the readers of *Travel + Leisure* in 2016 and 2017, Big Cedar Lodge offers genuine Ozarks hospitality and a convenient location just south of Branson.

GOLF:

Southwest Missouri and Big Cedar Lodge have become a world-class golfing destination, with acclaimed courses designed by the top names in golf: Jack Nicklaus, Arnold Palmer, Gary Player and Tom Fazio. Top of the Rock Golf Course

Top of the Rock Golf Course, the first-ever Par-3 course included in a PGA TOUR-sanctioned event, features nature and golf at its finest. Perched high above Table Rock Lake, the peaceful waterfalls, wandering creeks, bass filled ponds and pristine lakes of Top of the Rock complete a true celebration of nature, the Ozarks and the game of golf. The experience includes **Top of the Rock**, a Jack Nicklaus Signature Course, and an Arnold Palmer-designed **Practice Facility**, recognized for its rolling hills and famous "cliffhanger" green.

Buffalo Ridge Springs Golf Course

Matching the beauty of Top of the Rock is the Tom Fazio-designed Buffalo Ridge Springs Course (formerly Branson Creek Golf Club). Already acclaimed as the region's top golf course, Buffalo Ridge has been transformed by the guiding hands of visionary conservationist Johnny Morris and renowned golf course architect Tom Fazio. Adding new approaches, water features and bunkers, Morris and Fazio have redesigned the course layout to bring players in close contact with nature, native grasses and free-ranging bison from nearby Dogwood Canyon Nature Park. The course has been rated the #1 Public Course in Missouri by Golf Magazine and has been named one of the Top 10 Missouri Courses by Golf Digest since 2001. The course holds a Golf Digest rating of 4.5 stars out of 5.

Mountain Top by Gary Player

World Golf Hall of Famer Gary Player and Johnny Morris

teamed up to create a world-class, family-friendly golf course that opened at Big Cedar Lodge in August 2017. The 13-hole course was designed to bring a more accessible experience to families, juniors and golfers who are learning the game as it routes through unforgettable rock formations and includes some of the best vistas in the region.

WEDDINGS:

Big Cedar Lodge offers breathtaking settings for weddings, rehearsal dinners and receptions for up to 500 guests. Banquet rooms are fashioned in an elegant Adirondack design theme and feature large windows, with outdoor spaces including intimate terraces and the spacious Grandview Lawn. Along with countless stunning outdoor venues, Big Cedar and its sister properties offer four uniquely different wedding chapels.

Chapel of the Ozarks at Top of the Rock

Resting at the highest point in Taney County, this enchanting, three-story chapel boasts incredible floor-to-ceiling views of Table Rock Lake through arched windows, native limestone

detailing and a steeple with a bell tower. Beyond the antique pine wood entry doors, the chapel opens to soaring 23-foot vaulted ceilings and broad bay windows that perfectly frame the overlook of Table Rock Lake. Built by Ozark artisan craftsmen, the chapel seating area accommodates up to 200 guests with a balcony that is ideal for a string quartet or soloist.

The Garden Chapel

Set on a picturesque hillside with dramatic Ozark Mountain views at the heart of Big Cedar Lodge, the Garden Chapel reflects the resort's tradition of honoring the past with classic exterior whitewashed lap siding, floor-to-ceiling gothic windows with hand crafted operable shutters and custom screens. Inside, traditional church pews and lanterns add to the chapel's special ambiance. The chapel can host up to 80 guests.

Integrity Hills Chapel

Integrity Hills Chapel stands atop a hill, crowning a European-inspired estate overlooking Table Rock Lake. From its stone floor to iron chandeliers, each element of the chapel was custom crafted by local artisans. Couples marry in front of a 19-foot cedar cross flanked by picture windows and a panoramic view of Table Rock Lake and the Ozark Mountains while two sets of large double doors swing open to reveal the bride before she makes her entrance. The chapel seating area accommodates up to 200 guests.

Hope Wilderness Chapel

A replica of traditional places of worship from the 1800's, Hope Wilderness Chapel was handcrafted by staff members at Dogwood Canyon Nature Park. The chapel features local materials including native short-leaf pine logs, rough-sawn oak flooring and an eastern red cedar ceiling. The chapel's back wall, made entirely of windows, frames a picturesque view of one of many waterfalls at Dogwood Canyon. The chapel seats 120 guests and is available for weddings, vow renewals, meetings, and special services.

DOGWOOD CANYON NATURE PARK:

Dogwood Canyon Nature Park is a 10,000-acre wilderness paradise centered in the Ozarks region of southwest Missouri. In 2016 Dogwood Canyon underwent a thoughtful re-imagination led by Johnny Morris, the founder of Bass Pro Shops and nearby Big Cedar Lodge. Morris, who still calls the region home, is driven by his longstanding commitment to environmental conservation that led him to acquire the first parcels of the park in 1990. The park is managed by the Dogwood Canyon Foundation, a non-profit organization that promotes environmental conservation by maintaining the park and providing the public with an unspoiled setting for exploration

and enjoyment. Following an expansion guided by a deep ethos of conservation, Dogwood Canyon Nature Park is open to the public with a mission to conserve, preserve and educate.
